Nicole Laurent, Director ArCH

ArCHitypes is a membership organization of the [Architecture Center Houston \(ArCH\)](#) dedicated to increasing appreciation of architecture, understanding our built environment, and encouraging sustainable development. There are no membership requirements other than an interest in architecture including environmental responsibility, urban design, interior design, public art, and landscape architecture.

Membership provides among its many benefits networking opportunities for like-minded individuals, private tours of unique architectural spaces, and general access to information about the latest developments in the greater Houston area concerning architecture and design through exhibitions, gallery talks, and workshops.

ArCHitypes can also participate in ongoing programs of the [American Institute of Architects, Houston](#), including Adventures in Architecture for K-12 students; the Sandcastle Competition; Gulf Coast Green; and the Home Tour. Your dues will help support [ArCH](#), one of Houston's most exciting new resources.

## arCHitypes
