

## Michael G Meyer's High School Competition invites you to a tour of the Museum District

**Saturday February 11, 2012**

**10am – Noon**

Join members of AIA Houston MGMC Committee for a walking tour of the Museum District. The Houston Museum District is one of the few areas in the country with such a dense population of museums, public art, contemporary architecture, and landscape design. On this 2-hour walking tour you will experience the quintessential Modernism of Mies van der Rohe, the structuralist view point of Gunnar Birkerts, and the simplicity and craft of Isamu Noguchi. Come explore these and other world class examples of design with ArCH tour guides and trace the chronology of significant cultural shifts from the early twentieth century through today.

We will discuss all the adjacent buildings to this year's project site and committee members will be onsite to answer any questions students have about the site and this year's project.

***The tour is free to students and teachers. Please RSVP to [mat@aiahouston.org](mailto:mat@aiahouston.org) so we have enough tour guides to accommodate everyone.***

The tour will depart promptly at 10am from the MFAH Sculpture Garden, located at Montrose Blvd and Bissonnet Street. Meet us by the Miro Sculpture next to the eGlassel School entrance. Please allow time for parking and arrive no later than 9:45am to check-in. [Follow this link for a map and directions.](#)
